

*Meeting sponsored by the State Ocean Caucus**

Washington's Ocean Action Plan

Tuesday, June 26 2 pm – 5:30 pm

Grays Harbor Community College - Library
Aberdeen, WA

Get an update on ocean and coastal issues.

- What were the key recommendations from the Ocean Policy Work Group?
- How do state agencies coordinate their work on the outer coast?
- What are the opportunities for local involvement?
- What are Marine Resource Committees and how do they work?

Provide your comments and feedback to ocean and coastal initiatives. Learn how they relate to Washington's efforts.

- West Coast Governors' Agreement on Ocean Health
- Update of the Coastal Zone Management Act

Share your insights on local issues and activities.

*The State Ocean Caucus is an interagency ocean team. This group includes representatives from state agencies involved in ocean and coastal resource activities. They act on the recommendations of the Ocean Policy Work Group and foster continued involvement and participation by local communities, coastal tribes, business and environmental interests, federal agencies, academics, and others in their efforts.
